CONCRETE CONCRETE

Rich Colors Interior Use Easy to Spray Easy to Apply

Your polished concrete floor carries its own signature. No two concrete slabs are exactly alike. Vivid Dyes bring you color options that accentuate the beauty of your FGS/PermaShine polished concrete floor.

Discover how the translucent color of Vivid Dyes can revitalize the beauty inherent in new or existing concrete floors. When highlighted with FGS Hardener Plus, your FGS/PermaShine floor will add a nearly luminous effect to the natural finish of your concrete for a dramatic, satisfying appearance.

Vivid Dye offers you a diverse and rich color palette of 24 premium, micronized pigments. L&M Vivid Dye colors can be combined to create an unlimited number of color variations. Vivid Dye allows for great flexibility in visual appearance while it offers an attractive color treatment.

In any concrete floor, natural ingredients and finishes can and will affect the final color appearance. That's why your FGS/PermaShine professional will work with you to explore the unique properties of your polished concrete floor-and to discover the many possibilities of color with Vivid Concrete Dye.
